**We Appreciate the Fact**

That times are mighty hard and money is a scarce commodity. We must have business and I order to make it we offer patrons of the Popular Route a reduction of ten per cent on all round trip tickets purchased to local points. Bear in mind that the Buckeye Route is much the shortest, smoothest and best to and from Toledo, Columbus, Delaware, Marion, Adams, Madison, Port Clinton, and Ohio River points and is by all odds the favorite line to Chicago and the northwest, running as it does through sleepers between Columbus and Chicago every night in the year making hours better time than any other line. If you want to know more about what this popular line does for its patrons write W. H. Fisher, G. P. & T. A., Columbus, Ohio. 51c

**Hot Springs Illustrated.**

**STONY RIDGE.**

Feb. 27.—This weather makes it almost impossible for your correspondent to gather in any news.

Mrs. Ace Plank of Toledo is spending a week at this place with relatives and friends.

Emanuel Wick's house burned down last Saturday. It was insured in the C. A. Powers Agency of Perrysburg. Mr. McCracken who was living in the house at the time of the fire got his goods all out but some of them were damaged.

Frank Wagoner our hustling merchant has a new delivery wagon with which to deliver his goods, which shows up in grand shape.

Carrie McCutchen who has been staying in Toledo for some time past, is at home on a short vacation. Capt. J. B. Luckey has sold his real estate interest in Wood county to J. K. Hamilton and S. W. Reed. I am not able to state Mr. Luckey's future intentions, but hope he will continue his residence here.

Quite a number of our people attended quarterly meeting at the M. E. church at Sugar Ridge last Saturday. The Wagoner family who have been having a bad time with the fever are improving slowly.

The family of Martin Shook accompanied by A. J. Bonam called on relatives and friends at Dunbridge over Sunday.

The Epworth League have very interesting meetings and pretty fair sized crowds on Sabbath evenings; much more so than church services or school.

**SCOTCH RIDGE.**

March 6.—Mrs. Dunapace is very sick. She is living with her son, W. W. Dunapace.

Mr. Dunapace's daughter, Mary, is sick with the grip.

Miss Lulu Motherwell of Toledo was calling on friends Wednesday at this place.

B. Russell went to Lima Wednesday on business.

Mrs. Amelia Murch returned from Sidney on Tuesday.

Sidney Phillips closed a six months term of school in district No. 2, on Friday and commenced a three months term to-day.

Albert Leckes closed a four months' term of school Friday in district No. 4.

A. Curfus moved his family on to B. Loomis farm to-day.

Charley Garner and wife of Huntington, Ind., are visiting with relatives here.

There will be a skimming station located at this place, and it is expected to be in operation in the next 30 days.

**Don't Tobacco Spit or Smoke Your Life Away**

is the truthful, startling title of a little book that tells about No-to-bac, the wonderful, harmless guaranteed tobacco habit cure. The cost is trifling and the man who wants to quit and can't run no physical or financial risk in using "No-to-bac" sold by A. R. Champney. Book at drug stores or by mail free address, the Sterling Remedy Co., Indiana Mineral Springs, Ind.

**PREPARING FOR WAR.**

ROACHTON, March 7.—A few days ago 13 of the bravest of our young men organized a gun club so that when the United States becomes involved in war again there will be some sharpshooters who will march in the front ranks of our army and shoot down the enemy. The list of the bravest is as follows: Presiding officer, Albert Shipley; Sec'y and Treas., John Shind; privates, W. Kellermier, Jr., John Getz, Frank Kleeberger, Geo. Schwind, G. A. Shipley, Jos. Kellermier, John Kellermier, John Shipley, Wm. Savory, Geo. Shipley, sen., Michael Kellermier. They will hold their meetings in the Patrons' hall and their first shoot will take place Saturday afternoon, Mar. 10.

The Patrons postponed their open meeting several weeks on account of bad weather. When the meeting was held the subject—Resolved, that the steam engine is more beneficial to this country than the printing press—was debated, and decided in the negative. Affirmative speakers—John Schwind, and F. F. Loesch. Negative, John Kleeberger and Jos. Shipley. At the next meeting the following officers will be installed for the ensuing year: Pres., John Schwind; Vice Pres., Jos. Shipley; Sec., G. A. Shipley; Treas., Stephen Schaller; Sent., John Kellermier; Guide, L. B. Schaller; Minerva, Mrs. C. A. Schwind; Demeter, Mrs. Sarah Schaller; Delegate, John Kleeberger; Alternate, John Schwind.

The Patrons have held two shooting matches and rallies this winter; they were both successful financially and socially. On Tuesday afternoon and evening, March 27, they will hold the last shooting match and rally of the season. They will have on hand two blue rock traps and plenty of blue rocks. A cordial invitation is extended to all, especially to members of gun clubs, and quail shooters.

**MARCH, APRIL, MAY.**

March, April and May are the arches of a bridge which bind the season of ice to that of roses. Therefore, the spring is a trying time for the average person. The system at this season of the year simply needs cleansing; remove the impurities from the blood, cure that growing trouble, constipation, and you will be able to battle with the coming seasons in perfect health. Dr. David Kennedy's Favorite Remedy more than any other medicine will do this for you. It will purify and dissolve the excess of uric acid in the blood, dispel that worn out feeling, make you sleep and eat well. It is prescribed by physicians everywhere for just this purpose. Druggists sell it for \$1 a bottle. 51b

**ANOTHER BARN BURNED.**

Has Perrysburg a "Fire Bug" is the Question that is being Discussed.

The Firemen Render Excellent Service and Save Much Property.

At midnight last Saturday the barn belonging to and in the rear of G. W. Pfister's grocery was seen to be burning, the flames having gained much headway before being discovered. The alarm was given and Mr. Pfister and his clerk released the horse and pulled the buggy out of the barn just in time to save them.

The firemen were very prompt in responding to the call, and soon had three streams of water playing upon the burning building and adjoining property.

The fire originated in the hay mow and when discovered the entire top of the barn was in flames.

The close proximity of the building to other buildings made it necessary for the firemen to put forth their best efforts, which they did, and succeeded in confining the flames to the barn and saving other valuable property which was not more than a dozen feet away from the burning building.

The firemen deserve special credit for the excellent work, and the village is greatly in debt to them, for, had they not confined the flames to the barn the flames would undoubtedly have consumed the greater part of the business buildings of the town.

The origin of the fire is unknown but is supposed to have been incendiary. This being the third fire within ten days, two of which having been very similar, it is thought by many that some person has a mania for building fires in other people's property. The building was insured in the C. A. Powers agency, for \$100.00 and is a total loss.

**Borrowing Trouble.**

There is usually a lack of sympathy for the man or woman known to be "always looking on the dark side of everything." Friends of such a person who say "it is borrowing trouble" share in the common estimate of such people, regarding them as morbid or capricious and while there may be ample justification for this judgment in some cases it is far from right to assume this gloom and despondency enveloping the mind of a person is the outgrowth of a morbid disposition.

Sympathy and injury may disclose causes quite beyond the control of a person so afflicted and a nervous disease will almost invariably be found. Yes, the friend who borrows trouble as you have thought, quite likely suffers beyond any human calculation and sympathy for such a person cannot be misplaced except in case of refusal to apply a remedy—not the refusal to experiment with questionable medicines but the rejection of a proven remedy such as "Dr. Wheeler's Nerve Vitalizer." To apply this remedy is to appropriate a valuable scientific discovery and in cases where complications of diseases prevent a prompt and successful action of the Vitalizer it is supplemented by special and free treatment by the Doctor, as skillful and thorough as though the specialist himself were visiting the patients home. For sale by A. R. Champney, Perrysburg, Ohio. 51a

**HOODS CHURCH and VICINITY**

March 6th.—Last week was a busy one with the farmers, many of them getting their grain to market and by the "symptoms" today they were just in time.

Chas Brown has been quite sick, but is convalescing slowly.

Mr. Ryder and daughter Libbie, are visiting at Shelby.

The social at John Gunders last week was a very pleasant affair, about 45 were present. For alimentary discussion,—"oysters".

Sam Carter was in Bowling Green today.

Will Reed and family of Toledo visited with his brother Arthur Reed over Sunday.

This week Thos Pruden will vacate the Lawrence farm. Mr. Krappach will move to the farm that he has just purchased.

Albert Krappach will move on one of Frank Powell's farms, and Grahams of Piqua will move on the Lawrence farm.

**Deserving Praise.**

We desire to say to our citizens, that for years we have been selling Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. R. Champney Druggist.

**Gospel Temperance Meetings.**

Perrysburg is to shortly have an old-time, non-partisan, gospel temperance revival under the auspices of the Good Templar Lecture Bureau of this State. The Good Templars have been a growing and successful temperance organization for more than forty years and this growth and success they attribute largely to the fact that its management and growth has always been kept strictly non-partisan.

One of its most able representatives Mrs. Florence D. Richards who comes to the M. E. church for four lectures commencing Friday evening, March 16th.

For more than a dozen years Mrs. Richards has been delighting large audiences in this and other states. The lectures will be entirely free and all are welcome. An ordinary basket collection will be lifted each evening to assist in defraying necessary expenses.

—Women who are interested in art are urged by The Art Amateur to make a stand against the Philistine innovation of using the sewing-machine in the attempt to produce artistic embroidery. The Art Amateur holds that while theoretically, an artistic result might be obtained it would practically be impossible to secure it, and that the net result will be to extinguish hand-work, inferior machine work taking its place.
